

CAMBFORDABLE

Frontend Components Guide

Document Version: 1.0

Generated: January 12, 2026

Purpose: Guide for frontend developers making text changes to the main pages

This guide provides a comprehensive breakdown of:

- Landing Page Components
- Contact Page Components
- About Page Components
- Text locations and file paths for easy modifications

Table of Contents

1.	Landing Page Overview	3
2.	Landing Page Components	4-8
3.	Contact Page Overview	9
4.	Contact Page Components	10
5.	About Page Overview	11
6.	About Page Components	12-13
7.	File Structure Reference	14

Landing Page Overview

File Location: [/frontend/app/page.tsx](#)

Purpose: Main homepage displaying the Cambfordable landing page experience

The landing page is composed of the following sections:

Component	Location	Primary Content
Header	Header/Header.tsx	Navigation menu, branding, login/join buttons
Banner	Banner/Banner.tsx	Hero section with main heading & CTA buttons
Certificates Section	Certificates/Certificates.tsx	Educational background & credentials
Teach Section	Teach/Teach.tsx	Teaching methodology overview
Courses/Subjects	Subjects/Subjects.tsx	Available courses and subjects offered
Reviews	Reviews/Reviews.tsx	Student testimonials carousel
FAQ	FAQs/Faqs.tsx	Frequently asked questions
Footer	Footer/Footer.tsx	Footer information and links

Landing Page - Detailed Component Guide

1. Header Component

File: /frontend/app/components/Landing/Header/Header.tsx

Element	Text/Content	Notes
Logo Text	Cambfordable	Line 18: text-white font-bold text-2xl

- 6. Affordable Pricing - 'Quality education shouldn't be expensive...'

File Structure Reference

Complete Component File Paths:

Landing Page Components: /frontend/app/components/Landing/Landing.tsx (Main container) ■■■■ Header/Header.tsx ■■■■ Banner/Banner.tsx ■■■■ Certificates/Certificates.tsx ■■■■ Teach/Teach.tsx ■■■■ Subjects/Subjects.tsx ■■■■ Reviews/Reviews.tsx ■■■■ FAQs/Faqs.tsx ■■■■ Footer/Footer.tsx **Main Page Files:** /frontend/app/page.tsx (Home page - imports Landing) /frontend/app/contact/page.tsx (Contact page) /frontend/app/about/page.tsx (About page) **Shared Components:** /frontend/app/components/Landing/Header/Header.tsx (Used in all pages) /frontend/app/components/Landing/Footer/Footer.tsx (Used in all pages)

Quick Edit Checklist

When making text changes, follow these steps: 1. **Identify the text location** - Use this guide to find which component contains the text 2. **Open the correct file** - Navigate to the file path listed 3. **Find the specific line** - Reference the line numbers provided in the tables 4. **Make your changes** - Edit the text in the JSX/TSX code 5. **Test locally** - Run the development server to verify changes 6. **Commit and push** - Push your changes to the repository **Important Notes:** • All text is embedded in JSX/TSX code, not in external text files • Some components use data arrays (like courses, reviews, FAQs) defined within the component • Remember to preserve quotes, braces, and JSX syntax when editing • Keep responsive design in mind - test on multiple screen sizes

Contact & Support

For questions about the codebase structure or component locations, refer to this guide. **Document Information:** • Generated: January 12, 2026 at 15:43 • Version: 1.0 • Component Coverage: Landing Page, Contact Page, About Page • Scope: Frontend text elements only
